

ALL-NEW JAGUAR XJ
PRODUCT GUIDE

JAGUAR

> XJ OVERVIEW

The vision for the all-new XJ was to create the world's most beautiful luxury sporting sedan, combining individual, seductive looks with luxury, and blending intuitive technology with exhilarating sporting dynamics and refinement. The all-new XJ flagship will be an exciting new entrant to the marketplace for premium luxury cars and will appeal to consumers looking for something that is sporty and still socially and environmentally responsible.

MODELS

Manufacturer's Suggested Retail Price
(incl. D & D)

— XJ	\$72,500
— XJL	\$79,500
— XJ Supercharged	\$87,500
— XJL Supercharged	\$90,500
— XJ Supersport*	\$112,000
— XJL Supersport*	\$115,000

COMPETITION

- Audi A8 and A8L
- BMW 750 and 750L
- Lexus LS 460 and LS 460L
- Mercedes-Benz S550 and S600
- Maserati Quattroporte

*Available by special order only.

ALL-NEW XJ

- The all-new Jaguar XJ brings a daring new spirit to automotive luxury. Sleek, sporting and sophisticated, it offers a seductive mix of striking design, breathtaking performance, refined luxury and sophisticated engineering
- The all-new XJ will be available with a choice of three engines – a 5.0-liter 385-horsepower naturally-aspirated V8, 5.0-liter 470-horsepower supercharged V8 and a 5.0-liter 510-horsepower supercharged V8. In naturally-aspirated form, the XJ develops 380 lb. ft. of torque. The supercharged versions develop 424 lb. ft. and 461 lb. ft. of torque, respectively
- The new XJ features both standard and long wheelbase models. The long wheelbase offers an even more sumptuous and refined environment for rear-seat passengers with an additional five inches of legroom while the XJ's trunk features power opening and closing for convenient access to the 15.2 cu. ft. storage space (with standard alloy space saver spare wheel)
- The new Jaguar XJ is constructed using Jaguar's aerospace-inspired aluminum body technology, which makes the XJ at least 300 lbs. lighter over steel body construction; providing benefits to performance, handling and fuel economy, while delivering increased strength, refinement and safety

ALL-NEW XJ

- Key driver aids on the new XJ include Adaptive Dynamics (continuously variable damping), Active Differential Control (available only on Supercharged and Supersport), and Sequential Shift System for manual gear selection, with shift paddles mounted behind the steering wheel and quick-ratio power steering
- The new XJ comes standard with a CD/DVD player, HD radio, and a SIRIUS™ satellite radio receiver. In addition, the Media Hub provides flexible connectivity through two USB ports, Bluetooth 2.0® audio streaming and an auxiliary input, which allow the user to connect with iPods®, iPhones™, laptops and Blackberrys®.
- A 12.3-inch high-definition screen, which uses sophisticated – and beautifully detailed – Virtual Instruments™, provides all of the functions performed by traditional dials
- A panoramic glass roof is an integral part of the all-new XJ's design, enabling the car to have a lower, more streamlined roofline, while dramatically enhancing the feeling of light and space inside.

STANDARD EQUIPMENT

EXTERIOR
